

# ASSOCIATE OF ARTS PROGRAMS

Trinity Bible College and Graduate School offers the following Online Associate (AA) Degrees;

- Biblical Studies
- Business Administration
- Church Ministries
- General Studies

All AA programs at TBC & GS total 60 semester hours and include a biblical studies core of 14 semester hours and a general education core of 26 semester hours.

## English and Math Requirements

Entrance to English and math courses is determined by placement scores. ENGL 031, Developmental English and MATH 030, Fundamentals of Math, are for students whose placement scores indicate they are not ready for college level English or math. These courses count as three credits in the semester schedule, but are not considered college level so do not count towards the total credits needed for graduation.

## Course Substitutions for Biblical Studies Core courses

Students in any major, may apply to substitute BIBL 150, Old Testament History and Literature with THEO 434, Old Testament Theology and/or BIBL 151, New Testament History and Literature with THEO 435, New Testament Theology. BIBL 150 and BIBL 151 are three credits each and THEO 434 and THEO 435 are two credits each, thus the credit shortfall must be made up with another BIBL or THEO class.
