

Trinity Bible College & Graduate School
Certificate of AG Ministry Training
to fulfill the educational requirements for AG Ministry Credentials
(non-degree)

Trinity Bible College & Graduate School is committed to training and educating people with theological reflection and missional passion in order that people and communities everywhere will hear the Good News of Jesus and see His love demonstrated.

Toward that end, MyTrinity Online offers three non-degree *Certificates of AG Ministry Training* that meet the educational requirements of the three levels of ministry credentials in the Assemblies of God (Certified, Licensed, and Ordained).

This program allows participants to take the same accredited classes offered in Trinity’s ministry degrees at a fraction of the price. Not only does this help individuals move into ministry more quickly with less debt, but it also provides high-quality academic education and training in the process. It also provides an opportunity for students to move seamlessly into a full degree program at Trinity should they so choose.

Course Requirements:

This program is only available to individuals who have an active relationship with an AG fellowship and plan to get credentialed in the Assemblies of God. The courses offered in this program meet the educational requirements for credentialing in the Assemblies of God and follow the 3-level AG guidelines. Each level has a set of required classes of varying credit values to complete. Each certificate builds on the previous level so those seeking advanced levels of credentialing will have to finish each certificate in order.
